

**Announcing a new medical breakthrough that helps you...**

# **Build New Joints While You Sleep!**

Dear Reader,

If you'd like to build brand new knees while sleeping soundly night after night... then you're going to find this the most life-changing message you have ever read.

You see big pharmaceutical companies are running a scam that makes them billions, but keeps our nation in unnecessary PAIN...

...and what's worse, they do this with the blessing of the FDA, the guys who are supposed to look after us.

## **Don't believe me...**

Ask yourself this, if you've been taking all your meds for joint pain as directed by your doctor religiously month after month, why are you still in pain? Why are you still hobbling out of bed or shuffling to the bathroom every morning?

The message is clear for all to see – if you want joints that are pain free, you'd better find a cure yourself.

This is the reality - you're sold these so-called cures, and like it or lump it you're told you have no choice, but they're wrong, **WRONG, WRONG!**

What do I mean by that?

Well because you have the power to *ignite* your body's healing powers and to do it while giving yourself a full refreshing night's sleep to boot.

How?

I'll give you the answer to that in a moment...

But first, I want to bring this to your notice. If you're taking glucosamine, chondroitin or a combination of the two, and not getting any relief...

## **This may be why...**
